

occam[®] user group

Supplement to List of Members

December 1990

OUG member list supplement to December 1990

The directory in this booklet supplements the one published in December 1989. It is classified alphabetically by countries in three main groups:

- 1 Europe,
- 2 America,
- 3 Rest of the World.

It includes all members who have joined the group or reported an address change except those who do not wish to have their identities made public. The cut-off date for inclusion is mid-December 1990.

Where available, a Telephone Number, List of interests and Electronic mail address is also given.

Telephone numbers have been augmented with an international dialling code when this was not supplied by the member.

No attempt has been made to standardise EMAIL addresses.

Interests are coded under the following headings, with other words given in full.

a Artificial intelligence	f Formal aspects
g Graphics	h Hardware
l Learning	n Networks
m Numerical methods	o Operating systems
u Unix	

The final item of the entry for each member indicates the source of the information. The codes used are to be interpreted thus:

<i>Q</i>	OUG Questionnaire (1987)
<i>R</i>	Rejoining form sent to members who did not return questionnaire
<i>E</i>	OUG Enrolment form before April 1989
<i>A date</i>	New entry Added on date shown (no date = before April 1989)
<i>M date</i>	Existing entry Modified on date shown

Additional information in the form of a text string of up three lines provided by the member at time of joining is also available on the computer file.

Any member who wishes to report an error in his own entry in this directory should photocopy an enrolment form from the back of the booklet and send it to the address below. Apologies are offered for any errors which have arisen from the combination of manual and automated procedures that have been used in the creation of this directory.

Any member who knows that another member has moved from the address shown and is unlikely to have his or her mail forwarded is invited to send an enrolment form to that other member so that he or she may rejoin the group.

The occam user group membership file is held on a computer at the INMOS offices at Bristol. All enquiries about the availability on machine readable media of this and further information supplied by OUG members should be directed to the address below.

THE END

occam® user group · enrolment form

To enrol a new member in the Occam user group and/or to report a change of address or other details please copy and complete this form and return it to the Occam User Group Secretary, INMOS Ltd, 1000 Aztec West, Almondsbury, Bristol BS12 4SQ, England.

Name (must be an individual not a company)
Address (up to 6 lines, 32 chars each)

- New member
- Address change
- Correction

The Occam User Group Membership list is held on a computer at the INMOS Bristol office. As this is a computer file holding personal information INMOS are obliged to follow the requirements of the Data Protection Act concerning this file. It is therefore necessary to get the written permission of all members for their data to be included in this file.

Please insert name and address in the box above. Please include a postcode if possible.

The additional information requested below may be of use to the OUG committee. Please ensure that you answer the final question and sign the form.

Telephone number:

Electronic mail address:

Please indicate what type of organisation you belong to by ticking one of the following boxes:

- Electronics industry
 Software industry
 Other industry
 Academic
 Government
 Other (describe)

Please give a brief statement of the nature of your interest in occam and the transputer.

The OUG has several special interest groups (SIGs). Please indicate if you are interested in one or more of these subject areas. If you would help to establish or would join a new group please indicate the subject area(s) of interest:

- | | | | |
|-------------------------------|--------------------------|--------------------------|--------------------------|
| Artificial intelligence . . . | <input type="checkbox"/> | Formal aspects | <input type="checkbox"/> |
| Graphics | <input type="checkbox"/> | Hardware | <input type="checkbox"/> |
| Learning | <input type="checkbox"/> | Networks | <input type="checkbox"/> |
| Numerical methods . . . | <input type="checkbox"/> | Operating systems . . | <input type="checkbox"/> |
| Unix | <input type="checkbox"/> | other..... | <input type="checkbox"/> |

The mailing list is now becoming a potentially valuable commodity, but we cannot give everyone access without your approval. At present the names and addresses are known by the OUG administration and are provided to INMOS marketing. They are also published in the Newsletter unless a member specifically requests confidentiality. We are also producing a directory of members which could also include telephone and EMAIL numbers and SIG interests if you give permission by ticking appropriate box below.

- My name and address may be published in Newsletters/Directory
- My answers to all the questions above may also be published
- Lists including my name and address may be passed
to third parties offering relevant products or services
- I do not mind who sees the information provided here
